## Page 2: Shareholder Agreement:

- 1. Cost:** The cost of participating in the CSA shall be \$640/\$540 for a full share, \$420/\$350 for a half share (pricing is for  $\frac{3}{4}$  or  $\frac{1}{2}$  bushel boxes and this pricing good through end of season. The cost entitles the Participant to pick-ups of produce grown with organic methods. The cost shall include the cost of packaging and handling. The payment is attached.
- 2. Time:** Pick-ups shall commence on the week when BCG has enough produce to deliver to the Participant. This should begin at the end of June 2023. However, it may be delayed due to poor weather conditions.
- 3. Place for Pick-up:** Produce shall be available for pick up at Somers Farm & Prairie, 5640 6<sup>th</sup> Place, Kenosha Wisconsin. **Responsibility for Pick-up:** The Participant shall assume full and complete responsibility for the pick-up of the produce each week at the times given for the designated site. If a Participant fails to pick-up the produce during the time specified, then the Participant shall forfeit his/her produce for that week. If the Participant will be out of town for a lengthy period of time, they should consider selling/giving their week's pick-up to another customer or friend or donating to a charitable food organization.
- 4. Products:** Each week the participant will pick-up a package consisting of multiple different farm products in a box. The variety of the produce in the box which may be available for pick-up include but are not limited to: beans, beets, broccoli, cabbage, corn, cucumbers, kale, lettuces, mixed greens, onions, peas, peppers potatoes, radishes, salad mixes, spinach, tomatoes, winter squash and zucchini. Of course the availability depends on the growing season. In order to keep the cost of the shares down, Participants agree to return the empty box each week when picking up their next box.

BCG shall use the highest degree of skill in harvesting/farming to ensure that a variety of top quality products will be available. However, weather conditions (e.g. drought or cold) may limit the variety of produce available for distribution at any one time. BCG will irrigate to keep drought related damage to a minimum and utilizes raised beds as a hedge against flooding.

By participating in the CSA, the participant accepts to share the risks that occur in a vegetable farming operation. BCG is not responsible for any major weather/natural events such as tornados, 100-year-old floods, lightning, biblical swarms of locust or similar events. In an abundant season, additional produce may be available to subscribers.
